# EZMAXPLANNER FOR MAXIMO

**EZMaxPlanner from Interpro is a state-of-the-art planning and scheduling solution for IBM Maximo.**

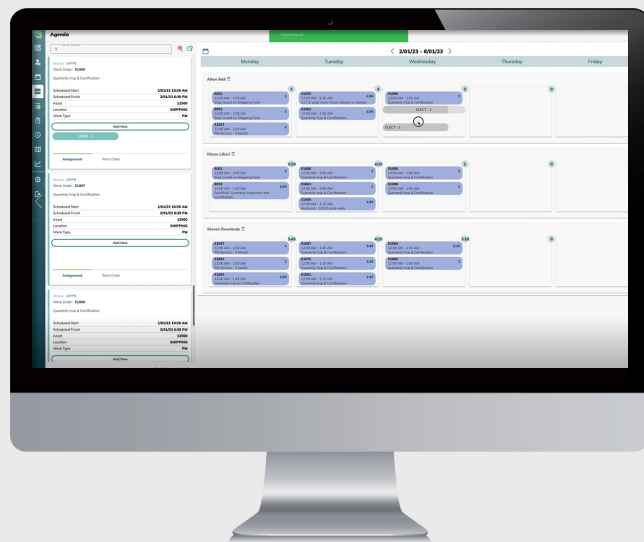

EZMaxPlanner for IBM Maximo helps asset-intensive organizations to plan and schedule work orders with ease enabling their mobile workforce to be agile and efficient.

EZMaxPlanner delivers an intuitive user interface to easily manage and allocate work to the right technician or work group.

## **EZMaxPlanner allows organizations to easily:**

- Take a step forward in improving planning, scheduling and assignment processes without the constraints of significant master data requirements
- Assign work orders using a simple 'drag & drop' function
- Batch assign jobs by selecting multiple work orders
- Move work orders to different days, times or available resources or reassign to other resources, using a familiar calendar view
- Add work logs using a conversational style view
- Quickly adapt to changes in the availability of resources and easily reassign work to other
- Plan work events
- Adjust schedules in the field using the EZMaxPlanner mobile app, and provide supervisors and team leads with autonomy and flexibility to react to site and job conditions.

**The most efficient solution for scheduling and planning work with IBM Maximo on desktop or mobile.**

EZMaxPlanner's intuitive user interface makes it easy to manage and allocate work to the right technician in one simple 'drag & drop' function.

# INTERPRO IMPLEMENTATION PARTNERS

Clarita Solutions who is a COSOL company, are implementation specialists and Interpro partners for EZMaxPlanner and EZMaxMobile.

Clarita have implemented Interpro solutions into a range of asset-intensive industries worldwide to deliver operational optimizations including:

### Reducing scheduling time by 90%:

EZMaxPlanner was implemented across 26 sites and nine teams of a renewable energy generator to standardize and optimize work order management and work towards achieving their Asset Management objectives. EZMaxPlanner reduced the task of assign work orders from 10 clicks in IBM Maximo to just one drag & drop.

### Enabling teams to be agile and adapt to changes:

A renewable energy company has enabled their supervisors and team leads to be agile and autonomous. Using the EZMaxPlanner App, they can quickly adjust schedules in the field to accommodate changes in resource availability, weather or priorities.

### Working in extreme conditions and offline with critical assets:

Operating in the Antarctic region, organizations use EZMaxMobile at remote stations in sub-zero temperatures to complete asset maintenance and ensure critical assets are safe and operational.

## OUR PARTNERS:

Clarita Solutions (a COSOL Company) are Certified IBM Business Partners

## LEVERAGE OUR EXPERTISE

We are a global leader in digital transformation and data exploitation with more than 20 years' experience partnering with asset intensive organizations.

In 2020, we acquired a leading North American provider of managed services, hosting and application support for asset intensive industries (formerly AddOns, Inc). In 2021, Clarita Solutions joined COSOL, bringing asset management system implementation expertise to the group. As certified IBM Gold Partners, Clarita are our IBM Maximo implementation specialists.

Together as COSOL, we have the technical expertise, industry knowledge and global experience to deliver best-of-breed solutions that drive quantifiable business improvements for asset intensive organizations worldwide.
